

2_3. Review

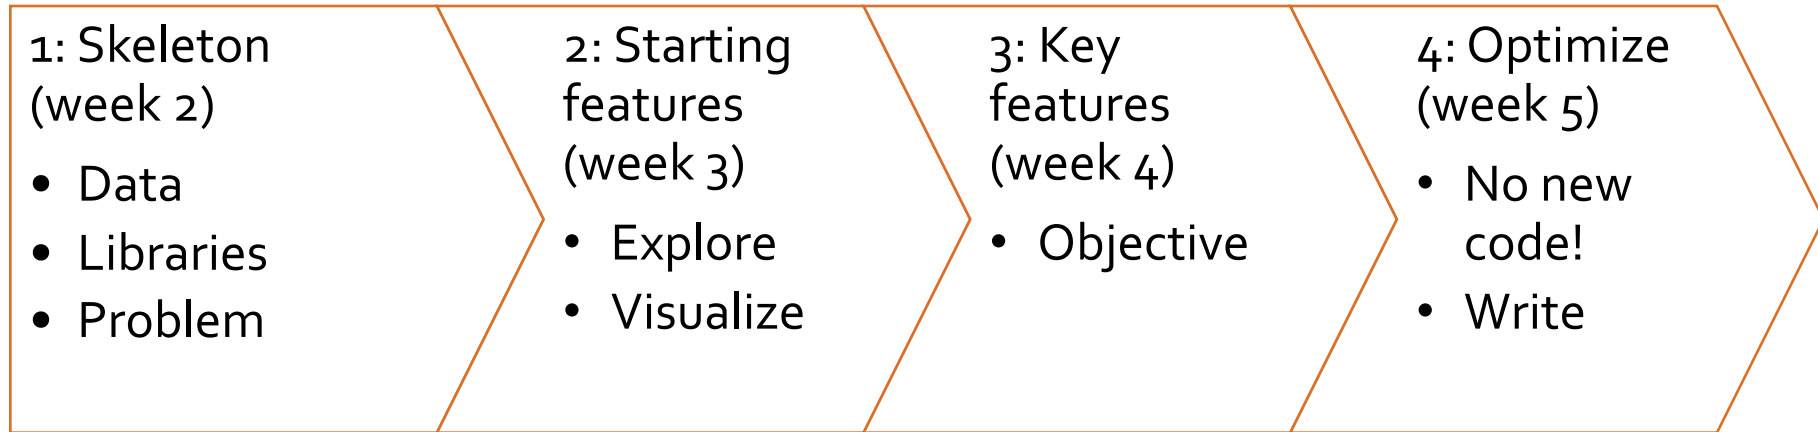

Our objective:
Using own data, to help companies to
impact society and business

The group project is an opportunity for students to demonstrate not just their **technical skills** but also their ability in **presenting results** and **propose business recommendations**.

Iterations

Your data will be made available to other groups after week 3.

There are many reasons for competitors to cooperate. At the simplest level, it can be a way to save costs and avoid duplication of effort.
